ZAJAC, JOHN J

Computer Science Teaching Assistant and Student
johnzajac.me

OBJECTIVE

University of Illinois at Chicago (UIC) junior actively pursuing a Bachelor of Science in Computer Science. My objective is to obtain an internship or part-time job where my computer science, programming, and creative skills can be unified in a professional setting.

SKILLS

Languages: C, C++, Java, F#, R, MATLAB

Databases: SQL, MySQL, SQL Server

Web Development: HTML, CSS, JavaScript

Software: Git, Adobe Photoshop, Adobe Lightroom, MS Office

Other: Arduino, Social Media

EXPERIENCE

TEACHING ASSISTANT • UIC • AUG 2017 - PRESENT

- Teaching students various CS concepts and material that I have learned in prior classes
- Co-instructing lab sessions weekly alongside graduate TA
- Holding office hours weekly for students to come in for additional help
- Answering questions asked by students in an online forum

OFFICE AIDE • SCHOOL OF LCSL AT UIC • SEPT 2015 - PRESENT

- Scanning and printing documents for professors and academic advisors
- Setting up events affiliated with the school
- Helping students and visitors with various questions
- Providing technology related help to professors

SOCIAL MEDIA COORDINATOR INTERN • DANCING ASTRONAUT • SEPT 2016 – OCT 2017

- Manage interactions on social media platforms, mainly Twitter with ~200k followers
- Analyzation of online posts using Hive and Vertical Mass
- Explore promotional and advertising opportunities to develop the DA brand
- Creating short-term and long-term campaigns for festivals/concerts/releases
- Working with artist managers and public relation teams to set up contests, giveaways, and other rewarding experiences for fans
- Sharing news, videos, and articles written by our staff promptly
- Establish positive relationships amongst artists, labels, and the fans in an online presence
